BLACK MEN MEET

The Republicans Import Colored Speakers for Rally at Turner Hall.

LINES ON GOOD AND EVIL

Appeal to Prejudice of Colored Voter—Finds Two Classes of Bad Men—Both Black and White.

At Turner hall last evening the colored republicans held a meeting in the interests of the congressional campaign. A total of about 30 of the race were present to hear the issues discussed by Capt. Clayton Chavis and Maj. J. D. Buckner of Chicago. Capt. Chavis was the first speaker. For some time he handed out the dope that everything that was good came from the republican party and that everything that was bad was an outgrowth of democratic administration.

After the above had been passed down the line the captain began an appeal to the prejudices of the race and described two classes of bad men. Of these one was a man who fought through the civil war and then voted the democratic ticket and the other was a negro who had been freed from slavery and voted any other ticket than the republican or failed to bring up his children in a manner that they would not do it.

Mr. Buckner, who is classed with Capt. Chavis among the better educated of the race in this state, followed with an address along similar lines, asking that the colored people all stand by the republican ticket.

Chairman J. F. Witter, of the city committee, also spoke briefly. Rev. John W. Crushon presided at the meeting.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat dandruff and falling hair with irritants or oils on which a parasite germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the dandruff germ. Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10 cents in stamps for sample to the Herpicide company, Detroit, Mich. T. H. Thomas, special agent.

The price of a pretty face is \$1—three packages of Hollister's Rocky Mountain Tea. Brings red lips, bright eyes and lovely color. 35 cents, tea or tablets. T. H. Thomas' pharmacy.

CHICAGO CLUB TRANSFERRED

James A. Hart Retires from Nationals and C. W. Murphy Succeeds.

Chicago, Nov. 2.—Official announcement was made yesterday of the formal transfer of the ownership of the Chicago National league baseball club, consummating one of the biggest financial deals in the history of the organization since that which accomplished the re-organization of the league's circuit to eight clubs. By this transaction James A. Hart retires from the presidency of the club and from active connection with professional baseball after 25 years as manager and magnate, during which he has become one of the foremost characters in the national pastime, and Charles W. Murphy, formerly of Cincinnati but for some time a resident of Chicago, succeeds him as president and controller of the club's destinies.

THROWS MATCH INTO VESSEL OF GASOLINE

Damage Only to Articles Used to Smother Flames—Department Is Called.

The explosion of a quantity of gasoline caused a fire in the apartments of Mrs. Elizabeth Bergin, 1827 1-3 Second avenue, at 7:30 last evening. Mrs. Bergin was not at home, but her son and a companion were in the apartment. They had been engaged in cleaning their clothing, and had turned the gasoline remaining into a galvanized can containing a small quantity of water. A few minutes later one of the boys lit a lamp, and carelessly threw the match into the pail.

The department was summoned by telephone and responded quickly. The blaze was smothered before its arrival, and the damage consisted only in the loss of a rug and some clothing used to smother the flames.

Lajoie Will Manage Cleveland.

Cleveland, Nov. 2.—"You can say definitely for the club that Lajoie will be the man," said President Kilgoff of the Cleveland club without a second's hesitation, when asked if Lajoie would manage the team next season. "I am surprised to think that there should be any doubt of it in any one's mind. We have never had a better manager than Lajoie and I am unwilling to believe that there is a better manager in the business."

Rothgeb to Quit Base Ball.

St. Louis, Mo., Nov. 2.—Edward Rothgeb, the college boy who played in the outfield for the Baltimore and Washington clubs the past season, will not return to the professional ranks next spring. Rothgeb is now in St. Louis, coaching the Washington varsity football team. He is a graduate of Illinois university and will embark in a business career at the end of the football season.

East Ends Meet Peoria Shamrocks.

Sunday the Peoria Shamrocks come to Moline to play the East End eleven of the latter city at Athletic field.

No matter how long you have had the cough; if it hasn't already developed into consumption, Dr. Wood's Norway Pine Syrup will cure it.

HAVE NO MEETING

Republicans Give Up Idea of a Demonstration in Rock Island.

WILL DEPEND ON POLL WORK

Men Usually in Ranks of Workers Resting—Labors in Hands of a Few—Speakers Scarce.

Republicans of Rock Island have apparently given up the plan of having a large meeting and will go into the election next Tuesday depending upon the workers to get out the vote without any further demonstrations. The excuse given is that tomorrow night Moline has Deneen, Saturday night is not a good night and there is no available place for a large meeting Monday evening.

Speakers Not Available.

It has been hard for the republicans to get speakers this year, especially hard to get them to come to a district where there is a special election and only one position to be filled. Not only has it been impossible to interest outsiders, but the men at home who are usually out working are many of them letting the burden of the campaign fall to others, and only a few are claiming any responsibility in the support of the republican nominee.

ECHOES FROM BLEACHERS

Pat O'Connor, who was drafted from Decatur by the St. Louis Nationals, is said to be in a deal with the Columbus, Ohio, American association team and will be traded to the smaller club.

All the players of the Springfield baseball club who were reserved have signed their contracts. In addition the association has signed Arthur Fremme or Quincy, a pitcher. Frank G. Moore, a pitcher who was wanted badly last season, has been secured. Moore played with Pittsburgh and Donnelly contends that he is a find. Last season he would not come west, but he has consented to come to Springfield next season. The club has drafted Carl Gardner, shortstop, who played in Springfield a few weeks during the first year it was in the Three-L league. Gardner has been playing with Beaumont, Tex., in the Southern league, and made a batting average of .320 and the last 90 chances of the season were accepted without an error. His home is in Sparta, Randolph county. He will attend the university of Illinois this winter.

President Holland has already commenced the search for umpires for the season of 1906. He will lose two of his best men of the season of 1906 in Cusack and Milan. Cusack has an offer from a major league and will undoubtedly accept. Milan, it is understood, has decided to retire from professional umpiring and will content himself with the management of his amateur team in his home city of LaSalle.

The Ottumwa Courier says: A. S. Kennedy leaves tonight for Cedar Rapids, where he will open a roller skating rink in the auditorium building. Mr. Kennedy has a force of workmen on the building putting the floor in shape for roller skating and within a week a full line of skates will arrive. He goes into the enterprise by himself and is confident the business will reap a good profit. Kennedy's many Ottumwa friends are invited to get their skates on with him whenever in Cedar Rapids. A. P. Owens, premier pitcher of the 1905 Dubuque Three-Eye league team, holder of the world's record for no hit, no run games, and general good fellow to innumerable friends, this morning signed a contract with Capt. A. S. Kennedy and will perform in the middle for the 1906 Davenport Three-Eye league team. "Rusty" will shovel peas with effectiveness under Kennedy's colors next year.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was the effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at Hartz & Ullemeyer's drug store; price 50 cents.

Rheumatism Cured in 24 Hours.

T. J. Blackmore, of Haller & Blackmore, Pittsburg, Pa., says: "A short time since I procured a bottle of Mystic Cure. It got me out of the house in 24 hours. I took to my bed with rheumatism nine months ago and the Mystic Cure is the only medicine that did me any good. I had five of the best physicians in the city, but I received very little help from them. I know the Mystic Cure to be what it is represented and take pleasure in recommending it to other poor sufferers."
